Acoustic Panels _ Patterns Catalogue

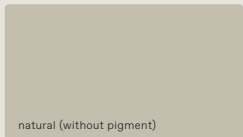

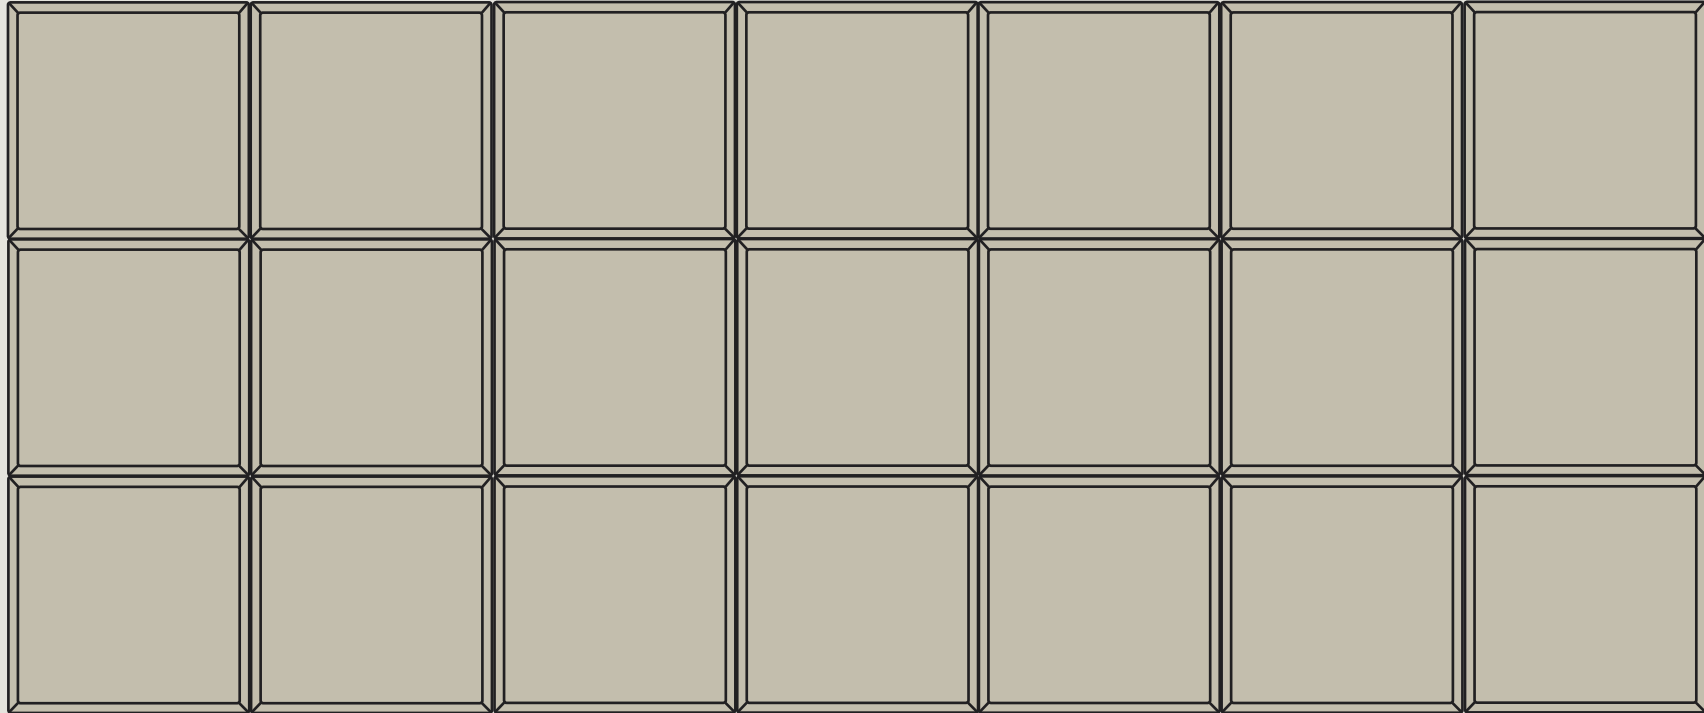

The natural color of the hemp panel produces a quiet and calm room, Inspired by the BACK TO BASIC trend, we offer a variety of patterns in the natural shade of the hemp plant.

With the help of several shapes of panels, we are able to produce a very wide range of different designs and patterns.

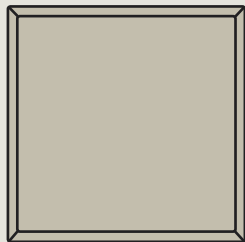

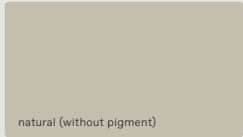

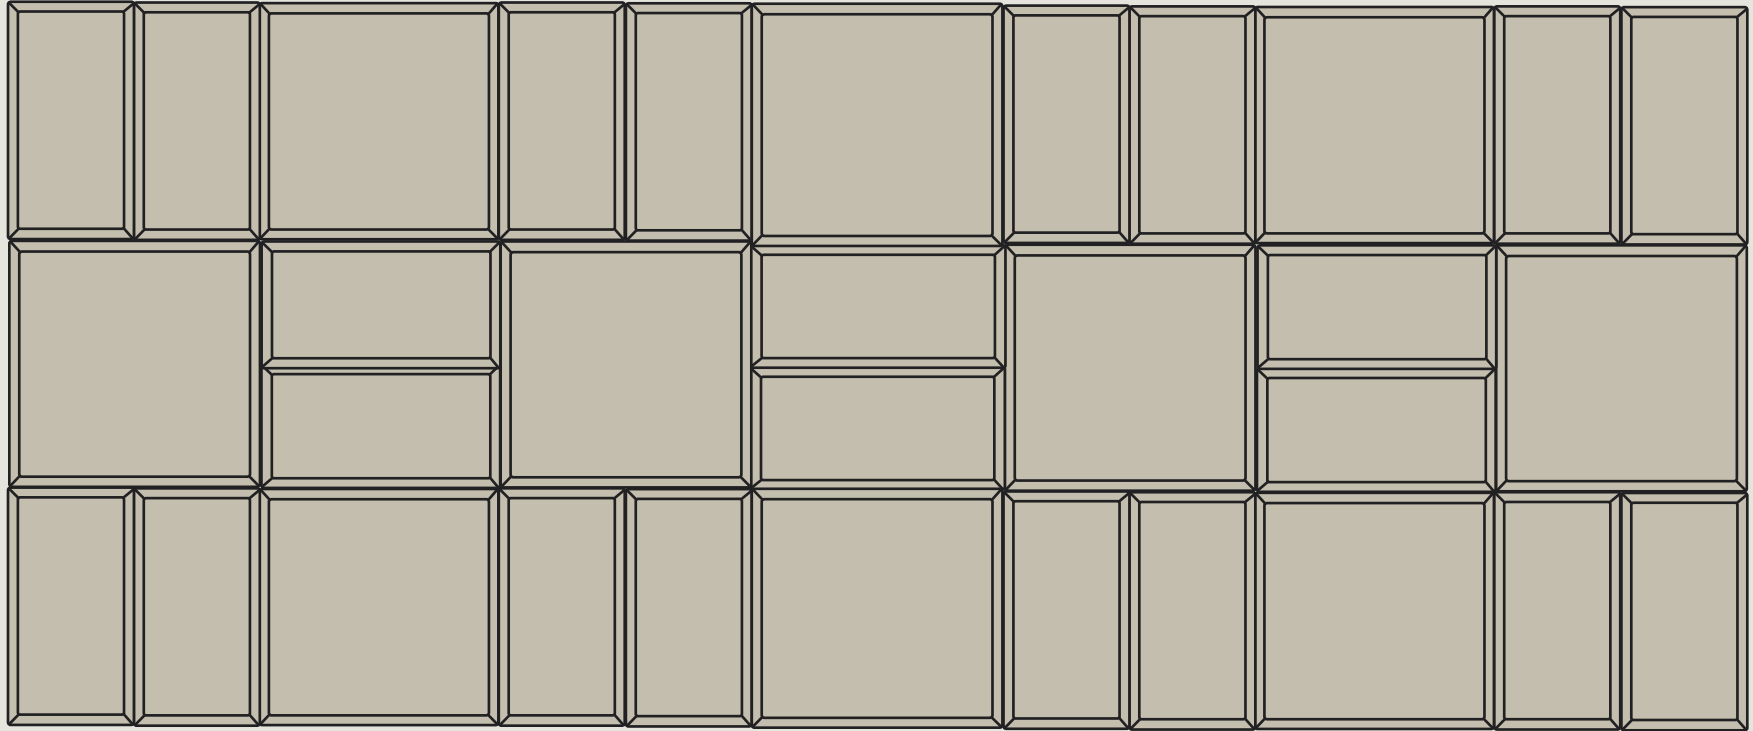

Minimum order quantity for colored panels: 30 square meters per color.

Note: The colour guide is for informational purposes only and may vary from the final product color.
